

My UC Career

Discover Your Career Path

At UCSF you don't just work in a job, you have the opportunity to build a career. **My UC Career** is a unique tool for career exploration and growth, developed to support our employees. This tool gives you access to six fast-paced modules:

- 1. Career Discovery:** Personal assessments help you identify values, skills and talents.
- 2. Job Search:** Search and set up alerts for exciting opportunities across the UC system.
- 3. Resume Builder:** Build a new resume or edit an existing one tailored to your career path.
- 4. Tell Your Story:** Discover unique ways to market yourself by using a variety of documents.
- 5. Network and Research:** Utilize social media and research to gain access to employee networks.
- 6. Pre and Post Interview:** Practice interviewing skills, tips, negotiating offers and effective follow up.

Other opportunities to take charge of your development at UCSF

Professional Staff Development Program

In addition to My UC Career, UCSF supports a comprehensive professional development experience for non-supervisory staff with these interactive, on-site sessions:

- Understanding Professional Success
- Communicating for Success
- Maintaining Customer Focus
- Systems Thinking and Problem Solving
- Your Path to Success

Staff Internship Program

Internships are designed to provide inter-departmental, practical, hands-on experience that facilitates professional growth and sustains institutional effectiveness. For staff, they pave the way to deepen skills, strengthen career path potential, and connect with new colleagues in a new environment.
